Commissioner For Patents

Dear Sir,

First, I'd like to request a reversal of the abandonment order on patent application # 10/643,373 ,without a fee for the following reason. When applicant filed a divisional application # 11/414,194, I included an explanation and a sixty five dollar late fee which was accepted. With the divisional (SYNCHRONOUSLY Timed Fuse Procedure) was included (SYNERGETICLY Timed Fuse Procedure), which delineated how I wished to traverse and cover the remaining items of the seven points that the examiner felt were separate patentable areas. If it was not clear how synchronous and synergetic divisionals sent answered the office action please let applicant know and applicant will make it so..

Second, If the USPTO does not feel above request for reinstatement without fee is valid included is a petition for revival application for patent abandoned unintentionally, as well a statement that abandonment was unintentional, as well as credit card payment form.

Third, Thanks to petitions commissioner as well as all USPTO personel invoved.

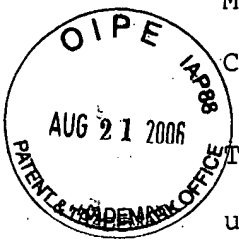

Sincerely,
Craig Holloway
